Re: Ammonia Inhalants

From: Danny Gregory, Executive Director

Dear Lisa,

Due to shortages from our suppliers, we are unable to provide our part **#R519-559 600 – Ammonia Inhalants – 10/Unit** for the foreseeable future. We use two suppliers for this product and both are currently backordered through the end of 2021.

It is our recommendation that the Federal Aviation Administration be petitioned to remove this item from the FAA Regulation, Part 121, Appendix A until such time that the supply chain issues for this product are resolved.

I apologize for the inconvenience, but I see no alternative at this time.

Regards,

Danny Gregory
Executive Director
