

An aerial photograph of a tropical coastline. On the left, a large, light-colored rock formation juts out into the water. The water is a vibrant turquoise color, with a small boat visible near the shore. In the lower right, a speedboat moves across the water, leaving a white wake. The overall scene is bright and clear, suggesting a sunny day.

MEDICAL & TRAVEL SAFETY
SOLUTIONS FROM SEA TO SHORE

EXPERT CARE, **EVERYWHERE.**

BEST POSSIBLE CARE: 24/7

We understand captains and crewmembers have the challenge to mitigate risks to those on their vessel, monitor ever-changing guest profiles, crew health needs, excursion requests and yachting itineraries.

MedAire built our yacht solutions to solve this challenge. Our goal is to ensure captains and crew are prepared, capable and confident during medical and safety incidents.

MEDICAL KITS & EQUIPMENT

MedAire medical kits are designed by medical and maritime experts. Find what you need quickly and administer assistance accurately. Captain-friendly tools like electronic inventory management make tracking expiration dates and reorders a simple process.

Regulatory-compliant medical kits and supporting equipment.

FIRST RESPONDER & MEDICAL TRAINING

Hands on, skills-based crew medical training ensures you and your crew are prepared, capable and confident to respond to medical events. MedAire is certified by the MCA to train on your vessel, in your environment with your equipment.

Medical training is available for all skill-levels, from SCTW'10 to refresher courses.

24/7 MEDICAL & TRAVEL SAFETY SUPPORT

The MedAire assistance team understands the unique challenges and constraints of life on board. They have the expertise - and discretion - to provide high-quality advice and assistance to your crew and guests.

Only MedAire provides a fully integrated solution, built from the expertise of special forces medics, superyacht captains, and doctors specialised in remote medical care.

PREPARED. CAPABLE. CONFIDENT.

PREPARED

▶ Medical Kits & Equipment

Based on number of crew, vessel profile and itineraries, we can recommend a medical solution to ensure you are adequately prepared.

▶ Medical Personnel Placement

Captain's undertaking remote excursions or hosting guests with special medical needs can travel confidently with a qualified medical professional on board.

▶ Safety and Health Briefings

Access health and safety information about upcoming destinations at your fingertips.

CAPABLE

▶ Crew Medical Training

Training for the "when", not "if". MedAire offers a variety of first responder training programs.

Courses include STCW'10 certification, pediatric first aid, and tune-up training.

▶ MedAire's MedLink Remote Medical Advice & Assistance

The medical team at MedAire is always ready to support you.

The doctors know the medications and equipment on board your vessel, and will be with you each step of the way - reviewing signs and symptoms and providing treatment recommendations for crew and guests in need.

CONFIDENT

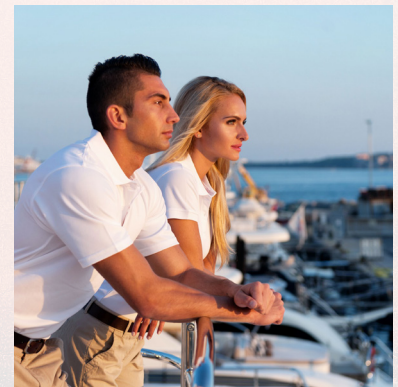

▶ Anytime Access

MedAire believes medical concerns should be addressed as soon as possible, so treatment and resolution can start as soon as possible.

Our medical team is ready to assist with personal medical questions; first responder emergency advice; and recommendations for guests with special medical needs.

▶ Shoreside Assistance

When further care is needed, our logistics experts will assist with medical and dental appointments through our network of qualified providers.

MEET THE TEAM. SEE THE DIFFERENCE

MedAire has built the yachting industry's largest network of medical and safety professionals, ready to assist you 24 hours a day, 7 days a week, and 365 days a year.

See the difference for yourself. You are invited to meet our medical and security experts, speak with our trainers, and even watch as we build our medical kits. No other provider can match the quality, expertise, and global reach of MedAire.

Our yacht offices, client account managers, medical instructors and medical kit fulfilment centres are strategically located around the globe to best support you. Please visit us the next time you're in Fort Lauderdale, Palma, London, Phoenix, Sydney or Singapore.

MedAire is the solution of choice for more than 60% of the world's largest floating yachts.
